## Course Description

This advanced aesthetic training seminar is a fully CME/CE accredited training course focused on helping you achieve best patient outcomes when treating patients with various types of Alopecia and Facial Rejuvenation.

This workshop offers you the opportunity to:

- Learn advanced aesthetic combination therapy for hair restoration and facial rejuvenation using Platelet-rich Fibrin Matrix (PRFM) and Cannulas.
- Observe live procedures using all modalities above for optimal patient outcomes.
- Perform hands-on treatments with an expert.

## Learning Objectives

Upon completion of this activity, the learner should be able to:

- Discuss the diagnosis, presentation and impact on patient outcomes of patients with various aesthetic concerns.
- Review the safety and efficacy of current and emerging trends for the management of multiple aesthetic indications using combination therapies.
- Individualize combination treatment approaches for aesthetic patients with various concerns based on their clinical presentations.

## Faculty

Lopa Gupta, MD, FAAO, FAACS is board certified by the American Board of Ophthalmology and a Fellow of the American Academy of Cosmetic Surgery. She is a Clinical Assistant Professor of Oculoplastics at Mt. Sinai and Director of Park Avenue Facial Aesthetics with offices in Westchester, Manhattan & Miami.

## Target Audience

This continuing medical education offering is intended to meet the needs of all physicians, physician assistants and nurses who are interested in treating men and women with Androgenetic Alopecia and Facial Rejuvenation using Platelet-rich Fibrin Matrix (PRFM), and Cannulas.
